

Flow of Control

1. **First screen:** Here, we can see the schemas. On the first screen, we see half the schemas, and on clicking on the right arrow on the bottom right part of the first screen, we see the remaining schemas on the second screen.

Screen 1

Screen 2

2. **Navigating the application:** On clicking any button, we can go to the respective, entity set, and add, view and search (Awards and Managing Team) data. Here, we have opened Executive Board.

Viewing the table

Adding data

3. **Adding Data:** Here, we have entered a record in the table Executive Board. Data can be added in any table in this way. Every table has its own addition pane.

Entering data

Displaying entered data

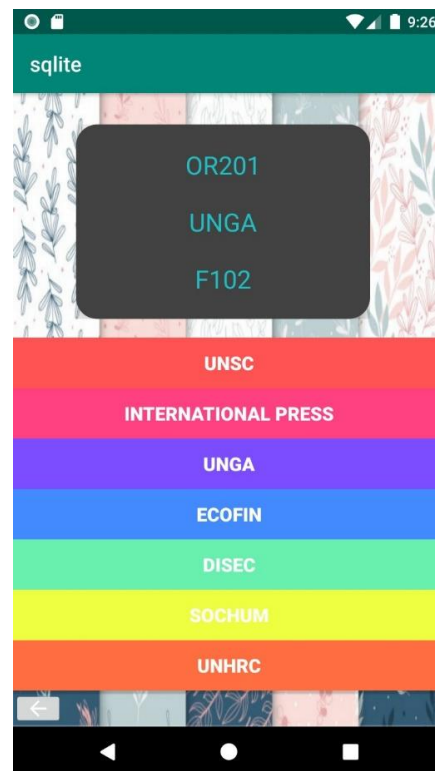

**We return to the main screen (Screen 1) using the back button. Then we can open any other table.*

4. **Searching using a specific attribute:** This option is available for Awards and Managing Team. We can see all the records at once, and can also filter the records on the basis of a particular attribute. We have a back button on the search sections.

For Managing Team:

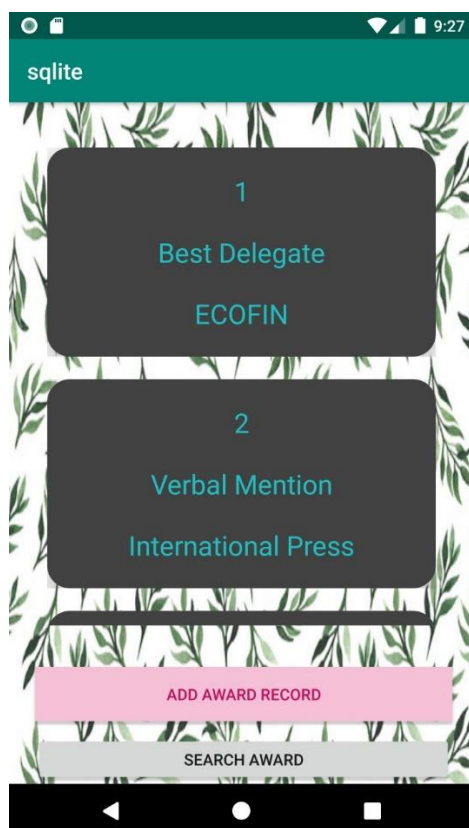

Entire table

Searching by committee

For Awards:
